

## Company Introduction:

JUQI Electric is a professional manufacturer and supplier of low-voltage electrical equipment with more than 10 years of industry experience. We are dedicated to providing safe, reliable, and efficient solutions for power distribution, control, and protection.

Our main products include:

Automatic Transfer Switches (ATS)

Surge Protective Devices (SPD)

Motorized Operating Mechanisms

Shunt and Undervoltage Trip Units

control & and Protection Switches (CPS/KBO)

Other customized low-voltage solutions

With advanced production facilities, strict quality control, and a strong technical team, JUQI Electric has built long-term partnerships with clients in various industries, including energy, construction, new energy, and smart distribution systems.

We adhere to the principles of quality first, innovation-driven, and customer-oriented service, aiming to become a trusted global partner in the electrical industry.
